

Existing Funding Opportunities for Green Shipping Corridors

- Cross-Nordic

Agenda

Cross-Nordic strategies and funding opportunities for R&D projects on green shipping corridors

- Nordic Energy Research
- Nordic Innovation

The Nordic Region

Our Vision 2030

The Nordic region will become the most sustainable and integrated region in the world in 2030.

- The Nordic Council of Ministers (2019)

Nordic Energy Research

*The Nordic institution for joint energy research and research-based policy development,
under the Nordic Council of Ministers.*

Funding Research

**Analytical
Function**

**Secretarial
Support**

**Promoting Nordic
Cooperation**

Recent Funding Programmes on Energy and Transport

- The Nordic Maritime Transport and Energy Research Programme
- Green Transition of the Transport Sector
 - “The Nordic Roadmap – Future Fuels for Shipping” (18 MDKK)

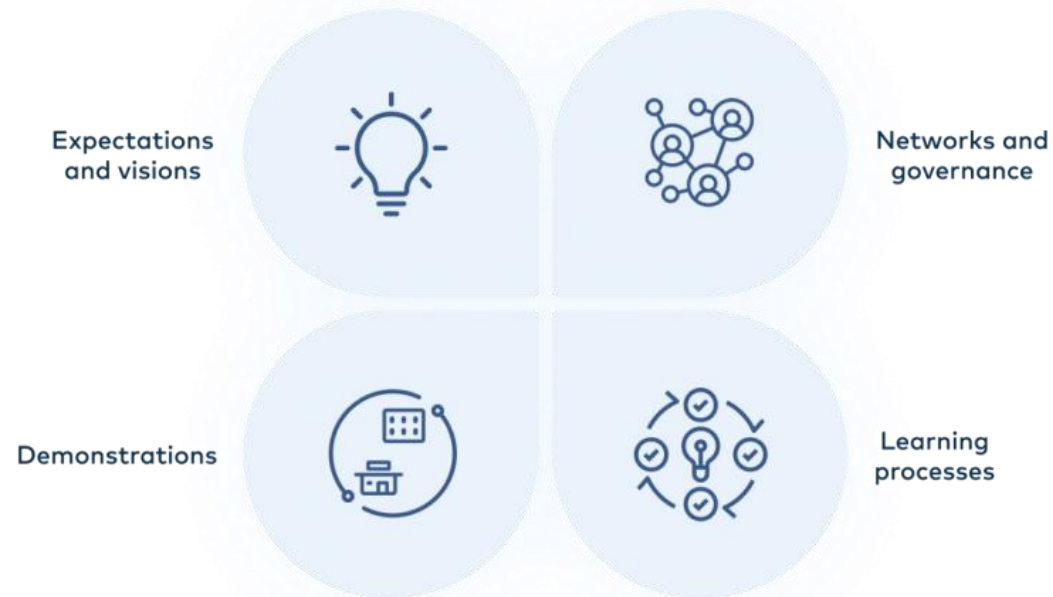

Nordic Grand Solutions

- Funding of projects that provide solutions to major energy challenges faced by Nordic societies and businesses in the green transition.
- A potential sub-theme focus on green energy and transport.
- Funding opportunities in 2027 (expectedly)

Nordic Innovation

An organization under the Nordic Council of Ministers that aims to make the Nordics a pioneering region for sustainable growth by promoting entrepreneurship, innovation and competitiveness in Nordic businesses.

Nordic Innovation

New innovation areas 2025-2027

Adoption of new solutions

Commercialization and market introduction

Accelerating sustainable solutions in circular economy, bioeconomy, and resource management

Establish Nordic innovation ecosystems and value chains for long-term competitiveness and adaptability

Promote strategic innovation and technology for sustainable transition and new business opportunities

Leverage critical technologies and technologies' potential for enhanced innovation capacity

Strengthen Nordic competitive advantages

Attract capital and investments for sustainable growth

Promote Nordic solutions internationally

Overall Objectives for Business and Innovation in the Nordics

- Accelerating the green and the digital transition.
- The Nordic region as leading in sustainable business models and circular economy.
- Strengthening regional and global market opportunities for Nordic companies.

Summary

Two key messages:

1. A new strategic period from 2025 to 2030 has just begun, leaving limited opportunities for cross-Nordic funding currently.
2. A prioritisation of research funding programmes with extensive thematic scopes can enable R&D projects on green shipping corridors within one or two years.
